The application for Redevelopment of the Subiaco Market site...

We had a letter telling us that the application for redevelopment has been approved by the Subiaco Redevelopment Authority and that the markets owners will be going ahead with the project.

At present no time frame has been outlined to the stall holders.

For more information on the application contact either The City of Subiaco, or The Station Street Markets management.

New Stuff....

Wire wrapped pendants.

These semi-precious gemstone and sterling silver pendants are available now in our Fremantle store.

There are only a few in store at the moment but I am making more soon.

I can custom make these stunning pendants with your favorite gemstone. Contact me for more information.
